

European Society of Gynecology

14°
CONGRESS
of the
EUROPEAN SOCIETY
of
Gynecology

VENICE
10-13 NOVEMBER 2021

ESG2021.COM

Dear Friends and Colleagues,

As President of ESG it is my pleasure to invite all of you to attend the 14th Congress of the European Society of Gynecology. The Congress will take place in the magnificent setting of Venice, from 10 to 13 November 2021, where it will engage with the latest developments in diagnostic procedures, prevention strategies, and medical and surgical treatments in gynecology and obstetrics.

The Congress is organized for the benefit of European gynecologists and obstetricians in order to enable them to discuss their approaches to diagnosis, preventive medicine, epidemiology and the treatment of diseases that affect all areas of obstetrics and gynecology.

The overall aim behind the Congress is to establish the most appropriate and up-to-date procedures, surgical interventions – whether these are minimally invasive or involve more complex surgery – as well as medical strategies based on the latest developments in obstetrical and gynecological care.

As a location for the Congress, Venice will provide a uniquely stimulating environment for exchanges between participants, offering a rich cultural backdrop that will facilitate networking opportunities.

With this in mind, I invite all of you to join us in Venice for the 14th European Society of Gynecology Congress from 10 to 13 November 2021!

Andrea R. Genazzani

President of the European Society of Gynecology.
